1.10. First aid kit available?	<input checked="" type="checkbox"/> Yes	
1.11. Safe locked?	<input checked="" type="checkbox"/> Yes	

EASE EVENT IMPLEMENTATION AND RESPONSE

Critical events are broken down into actionable tasks with the ability to add feedback and information.

AID BRAND CONSISTENCY

Employ consistent project management processes system-wide, whether it is a store opening, catering event and more.

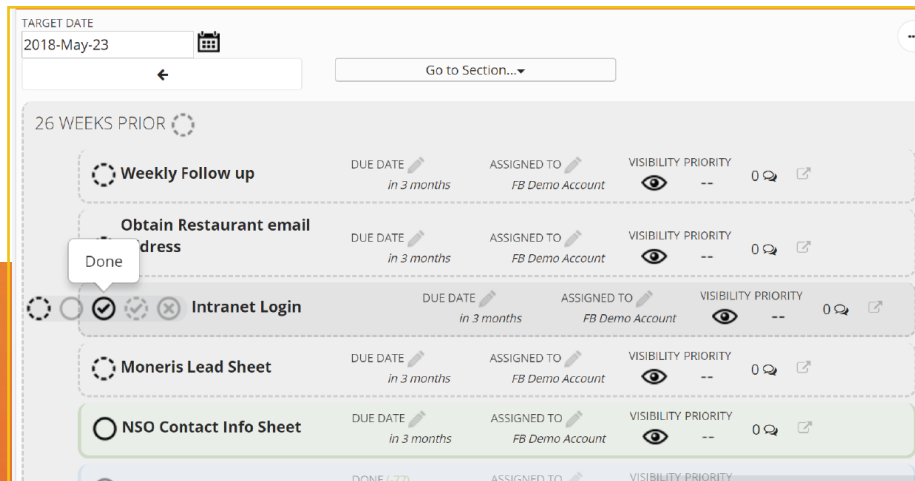

ALWAYS BE UP-TO-DATE

Team members can add to and update the action plan, adding feedback and information as things develop.

TRAINING TEAM: GET CONSISTENT WITH YOUR OPENINGS

Looking for your openings to go as planned? Industry veterans know that a new store opening can determine the franchise future. A great opening can start with strong momentum whereas a weak one can be a set-up for failure. Using a professional project management tool means you can get the best ideas in place for each and every opening which in turn can be consistently implemented.

Assign tasks to various team members including: public relations - to get the media involved, franchisees - to invite family and friends, and key home office members - to attend the opening. The franchise opening can really make or break your location and with so many moving parts it's too difficult to do in your head, so get it down digitally and get it right using this tool.
